MPP-PD

Partial height mounting plates | Stroomverdeling

CONNECT AND PROTECT

Omschrijving: Mounted directly on the enclosure's frame or onto the click-in profiles (CLPK). Special design of the bracket allows one man mounting. Can be mounted in any height or depth position within the 25 mm hole pattern. Appropriate sizes can also be used on the sides of the enclosure.

Materiaal: 3 mm galvanized steel.

Verpakkingseenheid: 1 plate with mounting accessories.

Montagevoorschriften: Add CLPK for depth adjustment.

Opmerking: MPP can be mounted in both directions.
