

PCU3128R5

Front/rear bottom frames | Power Distribution

This frame creates additional space in the bottom and can be segregated from the enclosure. It has a universal hole pattern for mounting accessories easily.

H	300
W	1200
D	800
Item no.	PCU3128R5

Description: For fixing and routing of cables or mounting of busbar. Identical hole pattern to the enclosure's frame makes all relevant accessories (e.g. CLPF, CLPK, etc) possible to mount. Fixed to the base of the enclosure by M12 screws (provided).

Material: Frame in 1.75 mm steel plate, panels in 1.35 mm steel plate.

Finish: RAL 7035 structured powder coating.

Protection: IP 41 | TYPE 1.

Mounting requirements: Add side panels PCUP for closing the sides.

Pack quantity: 1 piece with front and back cover plates with mounting accessories.
