Hazardous Location Window Kits are designed to be used on Increased Safety (Ex e) enclosures in ATEX or IECEx Zone 1 or 2 hazardous areas. These window kits ensure a dust-, oil-, and water-tight seal. Designed for use as viewing windows, these window kits are ideal for visibility of internal enclosure components. The windows are easily installed by making a cutout in the enclosure and attaching the window and frame with included mounting hardware.

KENMERKEN

Secure sealing with silicon gasket to protect against water and dust ingress in high-temperature applications

Maintain visual on components through .25-in. (6-mm) tempered safety glass

Easy installation in enclosure cutouts with window frame hardware
