2. UDH2C/UDH3C Swinghandle

Above drawing is a general drawing for these swing-handles and may vary from the product specified like mentioned below.

UDH2C/UDH3C:

- does include a plastic cap above the lock insert like shown in the picture. This cap can be sealed. It is foreseen for protecting the lock itself from environmental impacts.
- does not include the profile half cylinder itself.
- does not include the locking mechanism on the inner side like closing cams or locking bars.
