

LE3350

## **Zekering D III DT III- 50 A**

### **Technische eigenschappen**

#### **Zekering**

|                    |      |
|--------------------|------|
| Zekeringsgrootte   | DIII |
| Kenmerken zekering | gG   |

#### **Belangrijkste elektrische eigenschappen**

|                                                                        |       |
|------------------------------------------------------------------------|-------|
| Nom. kortsluitafschakelvermogen I <sub>cn</sub><br>volgens IEC 60898-1 | 50 kA |
|------------------------------------------------------------------------|-------|

#### **Stroom / temperatuur**

|                 |      |
|-----------------|------|
| Nominale stroom | 50 A |
|-----------------|------|

#### **Materiaal**

|       |     |
|-------|-----|
| Kleur | Wit |
|-------|-----|
